Please check out their website www.santaanastarcenter for further information or call 505-891-7300.

PDF Guidelines:

In order to participate in the Chamber benefit of posting your PDF's on the RRRCC's website, you must be a member in good standing. If your business is having an upcoming event, please send your company's one page document in **PDF format, via email to administration@rrcc.org no later than noon each Monday** in order to get it approved and forwarded to the website. Please note that due to a large volume of members participating in posting their PDF's to the website, it is the policy of the Chamber not to attach the individual PDF's to the Cyber Communiqué. The Cyber Communiqué is Chamber Events and the posting under each separate month is under "Member Happenings". Each Wednesday the PDF's are posted under the appropriate month in which events take place. Also, make sure you check out the current month's calendar for Chamber events on our website. Under "Events" is also a public access calendar for your reference as well.

Cyber Communiqué:

The Cyber Communiqué is comprised of Chamber sponsored events. Each Wednesday the Cyber Communiqué will be emailed to participating recipients. This email replaces the "Chamber News" newsletter, which was sent out in the past. The Cyber Communiqué is a communication tool for members wishing to receive emails from the Chamber. If someone in your business wants to receive this communiqué and has not in the past, please have them call the Chamber to be added to the distribution list (505) 892-1533. Your annual subscription to this communiqué is a Rio Rancho Regional Chamber benefit.
