What we do...

Community foundations are publicly-supported philanthropic institutions governed by a board of private citizens chosen to represent the public interest and for their knowledge of the community. Community foundations uniquely serve three publics: donors, the nonprofit sector and the community as a whole.

Community foundations are one of the most enduring and fastest growing sectors of organized philanthropy in the United States and around the world. A catalyst for change, 700 community foundations serve citizens in all 50 states, and in over 46 countries worldwide. Domestically, community foundations hold billions in assets and grant billions annually to various fields of interest including the arts, education, emerging needs, environment, health and human services.

Who we are...

Founded in 2007, the Rio Rancho Community Foundation is a tax-exempt 501c3 with a mission to promote charitable activities and excellence in community affairs within the City of Rio Rancho, communities in Sandoval County and Albuquerque's Westside.

The Rio Rancho Community Foundation receives funding through several sources including endowments, bequests, donations, memorials and its signature annual fundraising event, "The Mayors' Gala." The Foundation administers grants to nonprofit (501c3) organizations on an annual basis.

The Foundation is concerned with all aspects of community well-being including: Arts & Culture, Education, Environmental, Historic Preservation, Health, Human Services and Sustainability.

2011 Grants Awarded: \$37,737
